EUCRANIUM 2021

Eucranium, let the science begin!!

St. Joseph's Boys' High School not only tops the list of best schools in Bangalore but is also ranked one of the most prestigious and historical schools in India completing 162 years of success and excellence. Alumni like Rahul Dravid, Sabeer Bhatia (founder of hotmail.com) and Thomas Kurian (CEO of Google Cloud) have truly lived our school motto 'Faith and Toil'.

Our biggest edition of our intra-school science fest, Eucranium, hopes to bring together passionate young minds and offer them an opportunity to showcase their ideas, talents and extensive knowledge on various subjects ranging from innovation and crisis management to the very core ideals that make up the vast scope of science. Our main aim is to not only spark an interest in the various cross-disciplinary aspects of science but also provide a much-needed respite during these difficult times.

"Everything is theoretically impossible until it is done."

- ROBERT A HEINLEIN
